This is roughly 25 newspaper lines (hand-printed).

A few tips will help the Salina Journal Life department handle your announcements more efficiently.

- Type or print information, as errors are prevalent when handwriting is difficult to read.

- Use rank for all service people; please do not use abbreviations.

- If you are including a photo, please indicate that on the form and be sure the photo is identified. Photos will be returned if a self-addressed, stamped envelope is included. Photos may also be picked up at the Journal office.

- Photos should be good-quality, close-up head shots, rather than full-length. We must be able to see the faces clearly. Either a black-and-white or color photo can be used. Photocopies of pictures will **not** be accepted. (Photos in the paper will be black-and-white; on our Web site, we can use color photos.)

- Photos may be e-mailed to the Life department at photo@salina.com. E-mailed photos must be scanned in a jpeg format and sent as an attachment. Please **do not** use e-mail-sized or Web-sized photos. We need the **full resolution**. Please be sure to include identifying information with e-mailed photos.
